# CSIT CAREER TALK 2017

6 JANUARY 2017

# CSIT CAREER TALK 2017

The College of Computer Science and Information Technology (CSIT) has once again organized Career Talk. The objective of the talk was to provide graduating and internship students knowledge on job search and career. A total of 241 students were mesmerized by a lively and spontaneous presentation delivered by Puan Rina Sarif, the General Manager of Talent Acquisition, Tenaga Nasional Berhad. Students are strongly encouraged to “participate in community service” as this helps to build the right character of a talent. Secondly, she said that, “be curious and stay curious” as this will expand student horizon of knowledge., and last but not least, “putting God first” is important to be successful in life.

# 360 GEM Sharing Session with IUPUI

16 JANUARY 2017

UNITEN received a visit from Indiana University - Purdue University Indianapolis (IUPUI) on 16<sup>th</sup> January 2017. Delegates from IUPUI were the **IUPUI Chancellor, Professor Dr. Nasser Paydar**, Prof. Dr. Gil Latz, Prof. Dr. David Russomanno, Prof. Dr. Ali Jafari, Prof. Dr. Tim Diemer and Dr Becky Wood. IUPUI interaction with UNITEN dates back to mid 1990s when IUPUI team worked with Tenaga Nasional Berhad and UNITEN to set up academic infrastructure and curricula for engineering degree programs at UNITEN.

Central to IUPUI – UNITEN collaboration is the 2+2 engineering program to IUPUI. A total of thirteen scholars of Yayasan Tenaga Nasional (YTN) left for IUPUI in August 2015, and the second cohort of 12 scholars will be continuing their degree at IUPUI in August 2017. As the guest speaker for the talk, Chancellor Nasser Paydar elaborated on study requirements and learning climate at IUPUI. He highlighted on some strengths of Malaysian students in the USA and how prospective students can prepare for academic as well as overall excellence during their study abroad. The Chancellor also received questions from UNITEN students which enhanced the quality of discussion for 360 GEM Sharing Session to USA.

# MOU Ceremony

23 JANUARY 2017

## UNITEN & HIGI Energy Sdn. Bhd.

## UNITEN & Mariwealth Engineering Sdn. Bhd.

A history was acoustic by agreement involving **Universiti Tenaga Nasional (UNITEN)** with Higi Energy Sdn.Bhd and Mariwealth Engineering Sdn.Bhd last Monday at UNITEN Putrajaya Campus. Hence the MOU ceremony is part of university mission to transfer the knowledge created for the benefit of the society especially to Malaysians. There are two scope of collaborations between the companies, which is coming from two difference agendas. Mariwealth Engineering & Consultancy Sdn. Bhd that was establish since 1998, represented by his Managing Director Mr. Muhamad Sidik Bin Ibrahim, that carry out the development and manufacturing of Tippin' flush and Mosquito Buster, which was introduce to public as part of corporate social responsibilities project by UNITEN itself. While the collaboration with Higi Energy Sdn.Bhd represented by the CEO , Mr. Jackie Yap, one of the successfully UNITEN Alumni graduates, is focusing on development and manufacturing of smokeless eco-charcoal from Water hyacinth serving the rural and urban area. The common theme for this collaboration is social business where technologies developed by UNITEN are used to help increase the quality of life among the public.
